SKILL SESSIONS

In the skill sessions you will have a chance to work with your team on fundamentals like shooting, passing, and ball handling. Drills will be led by Comet Coaching Staff and Players. Teams will also have an opportunity to have their players/teams go through a practice or an individual workout led by a member of the Comet Coaching Staff if desired, during camp as well

FREE THROW & "3 POINT" SHOOTING CONTEST

At the end of the second night we will have a free throw and three point shooting contest. These contests are shot in front of the entire camp, and create a great atmosphere for the shooters from each team.

MSU PLAYER WORKOUTS

At the end of each night we conclude camp with the Mayville State Players going through a team workout. This has turned out to be one the highlights of our camp for players and coaches. It will allow your players to see college players going through drills, and has also turned into a coaches clinic for coaches. We show a variety of drills, and take questions from coaches and players.

"The Mayville State Camp is a camp that our girls look forward to every summer. Coach Hutter, his staff and his players do a wonderful job of making the camp meaningful. Players get the opportunity to improve individually with their skill development sessions, and coaches get to learn by watching real practice sessions with the Comet Players at the end of each night. Our team gets better playing five games at camp. Coach Hutter will personally sit down with you and talk about whatever is on your mind. Plus, the dorms and cafeteria are great!"
